RE: Linda Stermer

To Whom It May Concern:

I have known Linda Stermer for nearly 12 years. We met when we were both employed in Kalamazoo at Chemlink, Inc. I immediately liked Linda because of her open and honest approach to people. I know Linda to be highly intelligent and resourceful.

We have become close friends in the last 12 years and I treasure her friendship. I have had the opportunity several times to help her with financial and emotional support during her incarceration. I stand ready today to help her in any way I am able to. I would trust Linda with my life, that's how much she means to me.

If Linda had the opportunity to get out of the Women's Correctional Facility, in Ypsilanti, on bond while going through legal procedures, I know that she could be fully trusted to adhere to all the state's requirements for said bond release.

Sincerely,

A handwritten signature in cursive script that reads "Shirlene Wollam".
